

About Me

Passionate Designer and Developer with hands-on experience in interaction design, prototyping, usability testing, and field research. Skilled in Figma, Adobe Creative Cloud, Canva, and Web Technologies (HTML, CSS, JavaScript, Kotlin). Experienced in UX, Interaction Design, and HCI through studies and international projects in Germany and Australia. Dedicated to creating inclusive, accessible digital experiences that connect people from diverse backgrounds.

Education

-  04/2024 - 07/2026
- Ludwig Maximilian University of Munich - M.Sc. Media Informatics**
-  02/2025 - 06/2025
- University of Technology Sydney (UTS) - Semester Abroad 2 (with PROSA scholarship)
-  10/2020 - 04/2024
- Ludwig Maximilian University of Munich - B.Sc. Media Informatics with Media Design
-  02/2023 - 06/2023
- University of Technology Sydney (UTS) -Semester Abroad 1
-  09/2012 - 06/2020
- High School Degree - Luitpold Gymnasium Wasserburg am Inn

Experience

-  12/2025 - present
- Working Student UX / UI Design - MVTec Software GmbH Munich**
- Contribute to UX and UI design components for industrial computer vision software
 - Design and iterate interactive prototypes in Figma, applying usability principles to improve clarity and efficiency
 - Collaboration with developers and product managers to align design solutions with technical constraints and user needs
-  11/2025 - present
- Master Thesis - Public Usable Security Interfaces**
- Research and design of UX concepts to raise awareness and promote secure digital behavior using public displays
 - Creation of a prototype for public display interfaces and conducting a field study in a work environment
-  02/2025 - 06/2025
- Interaction Design Studio (UX) - University of Technology Sydney (UTS)**
- user testing, heuristic evaluation, field study, wireframing, prototyping of our own app product idea
-  02/2025 - 03/2025
- Experience Design Internship – Ludwig Maximilian University of Munich**
- Designed and evaluated experience patterns, storyboards, and state charts for interaction design research
 - Built a physical prototypes and created an In-action design video to visualize user interactions
-  03/2022 - 01/2025
- Working Student at Ströer SE & Co. KGaA in Media, Communication & Graphic Design**
- Designed and produced audience-focused multimedia content for Ströer's digital public displays, part of a network engaging roughly 80 % of the German population weekly
 - Produced motion graphics and video materials with Adobe Creative Cloud (mainly AE)
 - Supported UX research and visual storytelling to enhance engagement in digital advertising campaigns
-  03/2024 - 03/2026
- LMU Buddy Program Volunteer – Ludwig Maximilian University of Munich**
- Provided personal and academic support for incoming exchange students
-  04/2024 - 05/2024
- Usable Security Internship – Ludwig Maximilian University of Munich**
- Designed and evaluated UX materials and web/app prototypes promoting secure online behavior
-  11/2023 - 03/2024
- Bachelor Thesis – Ludwig Maximilian University of Munich**
- Designed and evaluated face interfaces for human-robot interaction, focusing on user perception, empathy, and usability
 - Conducted field studies and usability tests to assess design effectiveness
-  02/2023 - 06/2023
- Fundamentals of Interaction Design (UX) - University of Technology Sydney (UTS)**
- User testing, field study, wireframing, prototyping of our own interactive product idea

Skills

-  **UX / UI / XD Design** (Figma, Miro, Canva)
-  **Graphic / Media Design** (Adobe CC, Gimp, Krita)
-  **Video Editing & Animation** (AfterEffects, Davinci Resolve, Maya, Harmony)
-  **Web & App Development** (HTML, CSS, JavaScript, Kotlin, Java, SQL)
-  **Languages**
- German: Native (C2)
 - English: Fluent (C1)
 - French: Basics (B1)
